

*We work to understand, appreciate, protect and restore
the ecosystems and watersheds
in the Yellow Point area of Vancouver Island
and to inspire and support local residents to do the same.*

the free Moss Membership

Our plans for 2018 include:

- Building relationships with local residents, First Nations, Vancouver Island University, local and provincial governments, and like-minded non-profits.
- Exploring different ways to protect the Yellow Point Douglas-fir ecosystem and watershed.
- Developing the idea of a Yellow Point Ecological Corridor from Hemer Park to Blue Heron Park.
- Raising funds for Snuneymuxw First Nation youth sports and recreation activities.
- The Yellow Point Roadside Trash Challenge.
- A monthly speakers series about ecology and nature.
- A monthly hike or canoe trip to enjoy the beauty and learn about the ecology of the Yellow Point region.

We welcome your membership
